Policy and Procedures Memorandum

I. University of Louisiana System's Statement on Free Speech

The University of Louisiana System (“the System”) is fully committed to free speech among students, faculty, staff, and visitors. To fulfill our primary role of discovering and disseminating knowledge, a free interchange of ideas is necessary. We pride ourselves on being bastions of free expression and believe a culture of intense inquiry and informed argument generates lasting ideas. This freedom comes with a responsibility to welcome and promote expression for all people, even in disagreement or opposition. The right is inclusive of peaceful protests and orderly demonstrations but does not allow any conduct that disrupts University operations or endangers the safety of others.

The System’s institutions are subject to this Policy and shall each adopt an institutional policy in accordance with all applicable laws and this Policy. Each institution’s policy must comply with Act 666 of the 2018 Regular Session and Act 727 of the 2022 Regular Session of the Louisiana Legislature, codified at R.S. 17:3399.31 through 3399.38 (“Louisiana Campus Free Expression Law). Each institution is encouraged to develop supplementary procedures to further support the implementation of this Policy.

II. Policy and Procedures Memorandum

All institutions shall strive to ensure intellectual freedom and free expression. It is not the proper role of an institution to shield individuals from speech protected by the First Amendment of the Constitution of the United States of America and Article I, Section 7 of the Constitution of Louisiana, and other applicable laws, including without limitation ideas and opinions they find unwelcome, disagreeable, or even deeply offensive. Public areas shall be deemed traditional public forums and open to expressive activities. Expressive activities by students, administrators,

faculty members, staff members, and invited guests are protected. Any person who wishes to engage in noncommercial expressive activity on a campus shall be permitted to do so freely, as long as the person's conduct is not unlawful and does not materially and substantially disrupt the functioning of the institution. Any person lawfully present on a campus may protest or demonstrate there. Protests and demonstrations that infringe upon the constitutional rights of others to engage in or listen to expressive activity by creating a substantial and material disruption to the functioning of the institution or to someone's expressive activity in any location reserved for that expressive activity shall not be permitted. No conduct shall be deemed a material and substantial disruption that is protected under the First Amendment to the United States Constitution or Article I, Section 7 of the Constitution of Louisiana. Such protected conduct includes but is not limited to lawful protests and counter-protests in the outdoor areas of campus generally accessible to the members of the public except during times when these areas have been reserved in advance for other events or minor, brief, or fleeting nonviolent disruptions of events that are isolated and short in duration.

Institutions shall not institute policies contrary to the laws of the State of Louisiana or the policies of the University of Louisiana System. Each member institution shall make all due diligence efforts to comply with applicable laws and regulations. While the provisions of the laws listed above are mandatory components of the institutional policy, institutions may supplement the provisions of this Policy as necessary, but any such supplemental provision shall comply with the laws and this Policy.

III. Definitions

- a. **Expressive activities** include but are not limited to any lawful verbal or written means by which individuals or groups communicate ideas to one another, as provided by the First Amendment of the Constitution of the United States of America and by the Constitution of Louisiana, including all forms of peaceful assembly, protest, speech, distribution of literature, carrying signs, and circulating petitions. This expressly excludes commercial activities where individuals or groups are being compensated or attempting to advertise, market, or accrue financial gain to any individual, corporation business or organization.
- b. **Outdoor areas** are outside areas generally accessible to the majority of students, administrators, faculty, and staff, such as grassy areas, walkways, or other similar common areas, and do not include areas where access is restricted.
- c. **Student organization** means an officially recognized group at a public postsecondary education institution, or a group seeking official recognition, comprised of enrolled students.

- d. **Student on student discriminatory harassment** is unwelcome conduct that targets its victim on the basis of a class protected under federal, state, or local law and that is so severe, pervasive, and objectively offensive and so undermines and detracts from the victim's educational experience that the victim is effectively denied equal access to an institution's resources and opportunities.

IV. Time, Place, and Manner

Students and faculty have the freedom to discuss any topic that presents itself, as provided under the First Amendment of the Constitution of the United States of America and Article I, Section 7 of the Constitution of Louisiana, and other applicable laws permit and within the limits of time, place, and manner of expression that are in furtherance of a significant institutional interest.

Each institution is required to evaluate the constitutionality of time, place, and manner (TPM) restrictions. TPM restrictions must be narrowly tailored in service of a significant institutional interest only when such restrictions employ clear, published, and content- and viewpoint-neutral criteria and provide for ample alternative means of expression.

Any such restrictions shall allow for spontaneous and contemporaneous assembly and distribution of literature.

V. Requirements

Each institution's free speech policy and associated processes shall be published and disseminated as follows:

- Placed in institutions' handbook, website, and through student orientation programs.
- Incorporated in the materials, programs, and procedures provided to all employees and students.
- Information regarding the procedures whereby a person aggrieved by a violation on the institution's free speech expression policy may seek relief must also be posted.

VI. Permitting and Security Fees

Institutions may require a permit from any individual or group as a condition of being granted exclusive control of a location for expressive activity at a reserved time.

Any such permitting process shall not be overly burdensome, and applications for permits shall be evaluated solely based on published content-neutral and viewpoint-neutral criteria. If a permit is denied, the institution shall provide a reason for doing

so in writing within two business days to the applicant and allow the applicant to appeal the denial.

Institutions may charge a security fee to a student or student organization as part of an application for such a permit; however, no public postsecondary education institution shall charge security fees based on the content of the expression of the student or student organization, the content of the expression of an invited guest, or the anticipated reaction to any such content.

The determination of whether or not the security fee is required and the amount of the fee shall be based solely on published content-neutral and viewpoint-neutral criteria, including but not limited to the time and location of the event, the anticipated size of the invited audience, and whether or not alcohol will be served.

Institutions charging security fees must publish the criteria for fee assessment.

VII. Student-on-Student Harassment

Institutions shall prohibit student-on-student discriminatory harassment. An institution may not sanction or discipline a student's expression as student-on-student discriminatory harassment unless the expression meets the definition provided in section III.

VIII. Reporting

Each institution shall submit a report to the Governor and legislature by January 1, 2019, on the implementation of their free speech policies.

Each institution shall annually submit a report to the Governor and the legislature regarding any barriers to or incidents against free expression that occurred at the institution. The report shall detail the barrier or incident as well as actions taken in response to the barrier or incident.

If an institution is sued for an alleged violation of a right guaranteed by the First Amendment of the Constitution of the United States of America, the institution shall submit a supplementary report with a copy of the complaint to the Governor and the state legislature within thirty days of receipt of the complaint.

IX. Review

The institutions' free expression policies and procedures should be reviewed by a committee of faculty, staff, and students bi-annually, or more frequently as needed.
